NEWSLETTER | VOLUME #1 | AUGUST

India is a land of incongruities. While on the one hand, we march steadfastly toward progress and development; on the other hand, we have millions of underprivileged people who don't have the right to live with dignity. To bridge the gap between compassionate individuals and unprivileged people, **Bharoosa Foundaaation** came into existence in **2015**

Bharoosa Foundaaation is a volunteer-driven, non-profit organization which has been set up to help and uplift the marginalized section of society. The tagline of the NGO is '**Let's help each other**' and this thought is the guiding principle of all the initiatives at Bharoosa.

The foundation is building a community of like-minded people who trust each other and are there for each other's support in times of need.

We believe that the purpose of human life is to serve, show compassion and help others. We work in the following verticals

- Sports Education
- Health Awareness
- Food/ clothes for Poor People
- Save Environment
- Skill Development
- Women Empowerment
